Fun in the sun

GREENFORD
QUAY

Welcome to QuayLife Summer 2021

We've celebrated the return of the outdoors by bringing free events to Greenford all summer long. With something for the whole family, check out this round up of our Summer Series events.

Green fingers

Our packed calendar of games and workshops has been keeping the kids busy this summer. Children explored their creativity with a series of weekend workshops. From art to dance and getting their hands dirty with gardening, there

was something for everyone! Several life size garden games were available to play with through the month of August. Visit greenfordquay.com/events for more information on upcoming events.

CELEBRATING THE RETURN OF LIVE MUSIC WITH TELFORD HOMES

Summer Series

Encore: residents and locals enjoying the music and comedy at Thursday Night live

CommunityLife

Winning atmosphere as fans gather to cheer on their sporting heroes

Residents came together with the Greenford community to enjoy a summer of sport at a series of canal-side outdoor screenings.

As part of the Summer Series, Football fans cheered on England in the historic Euro semi-final and final matches, and watched their favourite tennis stars hit the grass at Wimbledon.

A selection of movies for all ages also kept the family entertained in June and July.

One spectator said: "I know people that live here, everybody is going to be watching it together. It feels like a family basically, I feel safe here."

Summer Series

Live from Greenford

Music and comedy lovers danced and laughed into summer at a series of free events at Greenford Quay's outdoor amphitheatre.

Sponsored by The Lock from Telford Homes, Thursday Night Live featured live music and comedy from acts including singer Mileva (pictured) and Healing Comedy Club.

Visitors could also enjoy a selection of delicious street food and mouth-watering cocktails from mobile bar Bearded Men Cocktails.

Keep an eye on our events page as Thursday Night Live can expect a return this autumn!

Some of our four-legged friends at the Greenford Quay summer series and, below, a sneak peek at the new playground

Paw-some news for pets

As we welcome more residents and their pets to Greenford Quay, we're finding new ways to make them feel at home.

Opening in September, our new temporary playground area will be a safe and secure gated space for children and anyone with a four-legged friend.

The dedicated temporary dog park area is complete with features to explore – a fallen tree trunk, boulders, and timber balancing posts.

There is also artificial grass and dog waste bins to keep the area clean. Opening hours will be posted on site soon, so keep an eye out!

And if your furry friend is feeling under the weather, know they'll be well looked after with the arrival of veterinary practice Little Pets, expected soon.

Community Manager Paul Naylor said: "As the occupancy at Greenford has grown so has the demand to expand the facilities for residents' pets such as the new dog walking park. Having a reputable veterinary practice on site will be a welcome addition for current and future residents."

All our apartments are pet friendly, so whether you're a dog or cat person, we've got it covered.

Development Update

Onwards & upwards

The modular installation is progressing with all apartment modules due to complete in October. The next phase will see the whole building wrapped in scaffolding to complete the facade.

Beginning late September 2021, Tide will be closing the footpath adjacent to the Lyons Dock House after installing a temporary pedestrian crossing at Oldfield Lane North road bridge over the canal.
